## GRADUATION MESSAGE

### Congratulations Batch 2024!

Year end and year out, we celebrate graduation in our schools, but every celebration we do brings different level of happiness to our dear parents to the teachers, to the graduates and to the whole Department of Education.

The great sacrifice you had to complete your level of education has prepared you to carry greater and more serious task leading to a life full of challenges, excitement, humps and bumps, and the ultimate success you all dream about.

Go and chase your dreams! Make your own niche under the sun, occupy a place tailor made by God only for you, always remember to be the best of whatever you can possibly be, live your lives and make this country greater and be proud of you...

God be with you all.

  
**RONALDO A. POZON, PhD, CESO V**  
Schools Division Superintendent
